Basic Module Information

Module Dates	Start Date: 7/12/21 Completion Date: 7/22/21
Hours:	6 hours
Prerequisite:	Mentor Module 1: Adult Learning Principles
Description:	This is the second in a series of mentor training modules designed to prepare you for the work you are doing in your local communities. This module will cover the Demand Control Schema (DC-S) and allow participants an opportunity to practice applying the principles of DC-S to their work. In this module, we provide a review of the components of DC-S, along with suggestions on how to apply the schema to your work with novice interpreters.

Learning Outcomes and Objectives

Upon completion of this module, the participant will be able to:

- Describe the four types of demands from the Demand Control-Schema
- Provide examples of the four types of demands from the Demand Control-Schema
- Describe the three types of controls from the Demand Control-Schema
- Write a legal scenario that contains four types of demands
- Reflect on how they will apply DC-S to their work with novice interpreters
